Hey everybody!

Here's the link to the youtube video I made about claiming student accounts: <https://youtu.be/eyOqihgDF0w>

Remember, you can reset a student's password from your device if they've already claimed their account and forgotten their password.

Just go to my.ncedcloud.org, and log in to the page that looks like this:

The screenshot shows the RapidIdentity dashboard. At the top left is the RapidIdentity logo. On the top right, it says "Logged in as: 5834322344" with a "Logout" button. Below the header is a search bar with "Filter Results..." and a "Show All" button. On the left side, there is a navigation menu with "Applications", "Profiles", "Files", and "Workflow". The main area displays a grid of application tiles, each with an icon and a name: BloomBoard, Canvas - NCDPI, Clever - LEA 800, Data Security R..., Home Base NC S..., IAM Information, PowerSchool Ad..., PowerSchool St..., PowerTeacher - ..., SAS EVAAS, Schoolnet - LEA ..., Streaming Video, Training, and Truenorthlogic - ... A "Categories" sidebar is visible on the right.

Then, on the far left side of the screen, choose "Profiles." You should come to this screen:

My Employee Profile

Whitepages

My Students

Change Password

Update Challenge Responses

Edit Profile

Applications

Profiles

Files

Workflow

Profile Details

ERIN SCHNUIT

Erin.Schnuit@rss.k12.nc.us

At the top, choose the third tab that says "My Students." This will pull up every student in your class. Click the check box next to any student who needs a new password, then click the button at the top that says "Change Password." Remember, EVERY student password should be reset to 376Cavalier if they've forgotten their old one or if they are claiming their account.

Let me know if you have trouble or need help!
